

Thanks A Million!

Wastell Builders Group wishes to thank all of the trades, suppliers and companies who make it possible for us to build quality homes in our community year after year. Together, with your participation and contributions you have helped to raise the bar of excellence not only in new home building but also in giving to our hospitals as proud supporters of the London Health Sciences Millionaire Lottery.

**Contributors to the 2009 Millionaire Lottery Home for
London Health Sciences Foundation**
